

POSTES - Postes pré fabricados com chapa galvanizada e revestido em poliéster por meio da pintura eletrostática.

Technical drawing of a concrete block (BLOCO) showing dimensions and reinforcement details. The block is rectangular with overall dimensions of 60 cm in width and 25 cm in height. The drawing includes a side elevation and a top view. The side elevation shows a width of 60 cm and a height of 25 cm. The top view shows a width of 60 cm and a depth of 19 cm. The block is reinforced with 4 N2 bars (4 N2 ø8.0 C=74) arranged in a grid. The reinforcement is positioned 10 cm from the top and bottom edges and 10 cm from the side edges. The drawing also indicates a 'NÍVEL DO TERRENO' (Ground Level) and a '14 05.10 C-86' reference.
